Commission for Social Development

Fiftieth session

1-10 February 2012

Agenda item 3

Follow-up to the World Summit for Social Development and the twenty-fourth special session of the General Assembly

Algeria:* draft resolution

The Commission for Social Development recommends to the Economic and Social Council the adoption of the following draft resolution:

Social dimensions of the New Partnership for Africa's Development

The Economic and Social Council,

Recalling the outcomes of the World Summit for Social Development, held in Copenhagen from 6 to 12 March 1995,¹ and of the twenty-fourth special session of the General Assembly, entitled "World Summit for Social Development and beyond: achieving social development for all in a globalizing world", held in Geneva from 26 June to 1 July 2000,²

Reaffirming the United Nations Millennium Declaration of 8 September 2000³ and the 2005 World Summit Outcome,⁴ and recalling the High-level Plenary Meeting of the General Assembly on the Millennium Development Goals and its outcome document,⁵ the United Nations Declaration on the New Partnership for Africa's Development of 16 September 2002⁶ and General Assembly resolution 57/7 of 4 November 2002 on the final review and

appraisal of the United Nations New Agenda for the Development of Africa in the 1990s and support for the New Partnership for Africa's Development,

Recognizing the commitments made with regard to meeting the special needs of Africa at the 2005 World Summit⁴ and reaffirmed in the political declaration on Africa's development needs adopted at the high-level meeting held at United Nations Headquarters on 22 September 2008,⁷

Noting the conclusions of the African Union Extraordinary Summit on Employment and Poverty Alleviation in Africa, held in Ouagadougou on 8 and 9 September 2004, including relevant decisions of African Union Summits related to the New Partnership for Africa's Development,

Noting also the full integration of the New Partnership for Africa's Development into the structures and processes of the African Union and the establishment of the Planning and Coordinating Agency of the New Partnership as a technical body of the African Union to replace the secretariat of the New Partnership,

Remaining concerned that while Africa continues to make steady progress towards attainment of the targets of the Millennium Development Goals, this progress is, however, not enough for all countries to attain all of the Goals by 2015, and in this regard emphasizing that concerted efforts and continued support are required to fulfil the commitments to address the special needs of Africa,

Expressing deep concern that attainment of the social development objectives may be hindered by the ongoing adverse impacts of the world financial and economic crisis, volatile energy and food prices and challenges posed by climate change,

Recognizing that capacity-building, knowledge-sharing and best practices are essential for the successful implementation of the New Partnership for Africa's Development,⁸ and recognizing also the need for continued support from the international community, New Partnership for Africa's Development partners and United Nations agencies to work towards sustained, inclusive and equitable economic growth and development on the African continent, and for greater synergy and effective coordination between the New Partnership for Africa's Development and the international initiatives related to Africa, such as the Tokyo International Conference on African Development, co-organized by the African Union, the United Nations, the United Nations Development Programme, the World Bank and the Government of Japan,

Bearing in mind that African countries have primary responsibility for their own economic and social development, that the role of national policies and development strategies cannot be overemphasized and that the development efforts of such countries need to be supported by an enabling international economic environment, and in this regard recalling the support

given by the International Conference on Financing for Development to the New Partnership for Africa's Development,⁹

1. *Takes note* of the report of the Secretary-General;¹⁰

2. *Welcomes* the progress made by African countries in fulfilling their commitments in the implementation of the New Partnership for Africa's Development⁸ to deepen democracy, human rights, good governance and sound economic management, and encourages African countries, with the participation of stakeholders, including civil society and the private sector, to intensify their efforts in this regard by developing and strengthening institutions for governance and creating an environment conducive to attracting foreign direct investment for the development of the region;

3. *Also welcomes* the good progress that has been made in implementing the African Peer Review Mechanism, as reflected in particular by the number of countries that have signed up to participate in the Mechanism, the completion of the peer review process in some countries, the progress in implementing the recommendations of those reviews in those countries and the completion of the annual progress reports and self-assessment processes, the hosting of country support missions and the launching of national preparatory processes for the peer review in others, and urges African States that have not yet done so to join the Mechanism as a matter of priority and to strengthen the peer review process so as to ensure its efficient performance;

4. *Welcomes in particular* the organization of the first session of the African Union Conference of Ministers in charge of Social Development, held in Windhoek from 27 to 31 October 2008, and the second session of the Conference of Ministers, held in Khartoum from 21 to 25 November 2010, under the theme "Strengthening social policy action towards social inclusion", and recalls in this regard the African Common Position on Social Integration and the Social Policy Framework for Africa, both of which were endorsed by the Heads of State and Government of the African Union in February 2009;

5. *Welcomes* the efforts made by African countries and regional and subregional organizations, including the African Union, to mainstream a gender perspective and the empowerment of women and girls in the implementation of the New Partnership for Africa's Development, including the implementation of the Protocol to the African Charter on Human and Peoples' Rights on the Rights of Women in Africa;¹¹

6. *Emphasizes* that the African Union and the regional economic communities have a critical role to play in the implementation of the New Partnership for Africa's Development, and in this regard encourages African countries, with the assistance of their development partners, to increase and coordinate effectively their support for enhancing the capacities of these

institutions and to promote regional cooperation and social and economic integration in Africa;

7. *Also emphasizes* that progress in the implementation of the New Partnership for Africa's Development depends also on a favourable national and international environment for Africa's growth and development, including measures to promote a policy environment conducive to private sector development and entrepreneurship;

8. *Further emphasizes* that democracy, respect for all human rights and fundamental freedoms, including the right to development, transparent and accountable governance and administration in all sectors of society and effective participation by civil society, including non-governmental and community-based organizations, and the private sector are among the indispensable foundations for the realization of social and people-centred sustainable development;

9. *Emphasizes* that the increasingly unacceptably high poverty levels and social exclusion faced by most African countries require a comprehensive approach to the development and implementation of social and economic policies, inter alia, to reduce poverty, to promote economic activity, growth and sustainable development in order to ensure employment creation and decent work for all, to promote education, health and social protection and to enhance social inclusion, political stability, democracy and good governance at all levels and the promotion and protection of human rights and fundamental freedoms;

10. *Also emphasizes* that identifying and removing barriers to opportunity, as well as ensuring access to basic social protection and social services, are necessary to break the cycle of poverty, inequality and social exclusion;

11. *Recognizes* that while social development is primarily the responsibility of Governments, international cooperation and assistance are essential for the full achievement of that goal;

12. *Also recognizes* the contribution made by Member States to the implementation of the New Partnership for Africa's Development in the context of South-South cooperation, and encourages the international community, including the international financial institutions, to support the efforts of African countries, including through trilateral cooperation;

13. *Welcomes* the various important initiatives undertaken by Africa's development partners in recent years, and in this regard emphasizes the importance of coordination in such initiatives on Africa through ensuring the effective implementation of existing commitments, including through the African Union/New Partnership for Africa's Development African Action Plan 2010-2015, which remains at the centre of the continent's engagement with partners;

14. *Recognizes* the regional coordination mechanism of United Nations agencies and organizations working in Africa in support of the African Union and its New Partnership for Africa's Development Programme of Action, as well as the Planning and Coordinating Agency of the New Partnership, which aims to ensure coordination and coherence in the delivery of support for

greater effectiveness and impact through increased joint programming and joint implementation of activities;

15. *Urges* continuous support for measures to address the challenges of poverty eradication and sustainable development in Africa, with special emphasis on the Millennium Development Goals related to poverty and hunger, health, education, the empowerment of women and gender equality, including, as appropriate, debt relief, improved market access, support for the private sector and entrepreneurship, enhanced official development assistance, increased foreign direct investment and transfer of technology, on mutually agreed terms, the empowerment of women in all aspects, including economic and political aspects, the promotion of social protection systems and the conclusion of the Doha round of negotiations of the World Trade Organization;

16. *Underscores* the importance for African Governments to raise agricultural productivity in order to increase rural incomes and access to food for net food buyers, that greater efforts should be made to promote and implement sustainable agriculture, increase access for smallholder farmers to necessary agricultural resources and improve access to infrastructure, information and markets, and that, furthermore, efforts should be made to promote small and medium-sized enterprises that contribute to job growth and increase incomes along the agricultural value stream;

17. *Recognizes* that the implementation of the commitments made by Governments during the First United Nations Decade for the Eradication of Poverty (1997-2006) has fallen short of expectations, and welcomes the proclamation of the Second Decade (2008-2017) by the General Assembly in its resolution 62/205 of 19 December 2007 in order to support, in an efficient and coordinated manner, the internationally agreed development goals related to poverty eradication, including the Millennium Development Goals;

18. *Urges* African countries to pay close attention to inclusive, equitable and sustainable growth, including through employment-intensive investment programmes, which should be aimed at reducing inequalities, increasing employment and improving real per capita incomes in both rural and urban areas;

19. *Urges* African countries and development partners to tackle the high levels of youth unemployment through the development of education and training programmes that address illiteracy, enhance the employability and capabilities of young people, facilitate school-to-work transitions and expand guaranteed employment schemes, where appropriate, with particular attention to disadvantaged young people in both rural and urban areas;

20. *Encourages* all development partners to implement principles of aid effectiveness, as recalled in the Doha Declaration on Financing for Development adopted on 2 December 2008 by the Follow-up International Conference on Financing for Development to Review the Implementation of the Monterrey Consensus;¹²

21. *Recognizes* the need for national Governments and the international community to make continued efforts to increase the flow of new and additional

resources for financing for development from all sources, public and private, domestic and foreign, to support the development of African countries;

22. *Acknowledges* the activities of the Bretton Woods institutions and the African Development Bank in African countries, and invites those institutions to continue their support for the implementation of the priorities and objectives of the New Partnership for Africa's Development;

23. *Encourages* Africa's development partners to continue to integrate the priorities, values and principles of the New Partnership for Africa's Development into their development assistance programmes;

24. *Encourages* African countries and their development partners to place people at the centre of Government development action, to secure core investment spending in health, education and social protection and to give particular consideration to universal access to basic social security systems, recognizing that social protection floors can provide a systemic base to address poverty and vulnerability;

25. *Notes* the growing collaboration among the entities of the United Nations system in support of the New Partnership for Africa's Development, and requests the Secretary-General to promote greater coherence in the work of the United Nations system in support of the New Partnership, on the basis of the agreed clusters;

26. *Emphasizes* the importance for the cluster working on communication, advocacy and outreach to continue to muster international support for the New Partnership for Africa's Development and to urge the United Nations system to demonstrate more evidence of cross-sectoral synergies to promote a comprehensive approach with regard to successive phases of planning and implementation of social development programmes in Africa;

27. *Invites* the Secretary-General, as a follow-up to the 2005 World Summit, to urge the organizations and bodies of the United Nations system to continue to assist African countries in implementing quick-impact initiatives, based on their national development priorities and strategies, to enable them to achieve the Millennium Development Goals, and in this respect acknowledges commitments made by development partners;

28. *Encourages* the international community to support African countries in addressing the challenges of climate change by providing the financial and technological resources and capacity-building training needed to support adaptation and mitigation action;

29. *Requests* the Secretary-General to continue to take measures to strengthen the Office of the Special Adviser on Africa, and requests the Office to collaborate with the Department of Economic and Social Affairs of the Secretariat and to include the social dimensions of the New Partnership for Africa's Development in its comprehensive reports to the General Assembly at its sixty-seventh session;

30. *Requests* the Commission for Social Development to discuss in its annual programme of work those regional programmes that promote social development so as to enable all regions to share experiences and best practices, with the agreement of concerned countries, and in this regard,

requests that the work programmes of the Commission include priority areas of the New Partnership for Africa's Development, as appropriate;

31. *Decides* that the Commission for Social Development should continue to give prominence to and raise awareness of the social dimensions of the New Partnership for Africa's Development at its fifty-first session;

42. *Requests* the Secretary-General, in collaboration with the Office of the Special Adviser on Africa, taking into consideration General Assembly resolutions 62/179 of 19 December 2007, 63/267 of 31 March 2009 and 64/258 of 16 March 2010, entitled "New Partnership for Africa's Development: progress in implementation and international support", to submit to the Commission for Social Development, for its consideration at its fifty-first session, a report on the social dimensions of the New Partnership for Africa's Development, including, in cooperation with relevant United Nations bodies, an overview of current processes related to the New Partnership, including recommendations on how to improve the effectiveness of the work of United Nations bodies, while preserving the social dimensions of the New Partnership for Africa's Development.
